SQUAD OF 1927-1928

NEW MEXICO NORMAL UNIVERSITY

COLLEGE RATING

The New Mexico Normal University is a standard North Central Teachers' College and also is a member of the American Association of Teachers' Colleges in Class A. Our students are accepted in any other institution without question concerning the quality of their credits.

The young people of New Mexico will find it to their advantage in securing positions if they receive their collegiate training in the West.

EXPENSES

The Normal University is not an expensive school. We have made it our ideal to furnish a standard collegiate education at a cost within the reach of those who must earn all or a part of their expenses. And yet a consideration of the educational training and experience of our Faculty will convince the reader that the opportunities for receiving thorough instruction here are as great as in the more expensive schools. The total cost of a year of instruction, exclusive of personal expenses, does not exceed thirty dollars.

BUILDINGS

A recent state appropriation has made it possible for the school to erect, during the past school year, three modern college buildings, one of which is a gymnasium, a building very much needed. The new gymnasium, with the athletic field recently generously donated to the institution by the sons of Charles Ilfeld, puts the athletic activities of the institution in very satisfactory condition.

THE NEW DEPARTMENTS

EDUCATION DEPARTMENT

Formerly the Psychology and Education Departments were combined under one head, but for the future the Education Department will be independent.

DEPARTMENT OF PHYSICAL SCIENCES

This department was formerly combined with the Biological Sciences under one professor. With the expansion of the college the Physical Sciences will be under a separate head.

KINDERGARTEN DEPARTMENT

We are securing a well-trained Kindergarten teacher to head this new department.

The Normal University Girls' Dormitory, La Casa de Ramona, is a thoroughly modern, well-lighted, cheerfully furnished home for young women. It is recognized by visitors from other institutions as one of the most attractive student homes in the state. It and the Normal University Dining Hall are run on a non-profit basis, to provide congenial, healthful, homelike accommodations for the students of the institution.
